

Gas Tariff, Second Revised Volume No. 1-A.

El Paso states the TSAs are being filed to implement two negotiated rate contracts pursuant to the Commission's Statement of Policy on Alternatives to Traditional Cost-of-Service Ratemaking for Natural Gas Pipelines and Regulation of Negotiated Transportation Services of Natural Gas Pipelines issued January 31, 1996 at Docket Nos. RM95-6-000 and RM96-7-000.

El Paso states that it is submitting Twelfth Revised Sheet No. 1 for Commission approval since the referenced TSAs also contain payment provisions that differ from El Paso's Volume No. 1-A Tariff pursuant to Section 154.112(b) of the Commission's Regulations. The tariff sheet is proposed to become effective on May 1, 1999.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed on or before April 19, 1999. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

[Docket No. EG99-109-000]

Geysers Power Company, LLC Notice of Application For Commission Determination of Exempt Wholesale Generator Status

April 12, 1999.

Take notice that on April 7, 1999, Geysers Power Company, LLC (Geysers Power) filed with the Federal Energy Regulatory Commission an application for determination of exempt wholesale generator status pursuant to Part 365 of the Commission's regulations.

Geysers Power is a Delaware limited liability company and an indirect wholly-owned subsidiary of Calpine Corporation. Geysers Power's eligible

facilities will consist of fifteen geothermal generating units and other ancillary facilities with a combined generating capacity of 744 MW. Geysers Power states that prior to its purchase of fourteen of the generating units from Pacific Gas and Electric Company (PG&E), these facilities were part of PG&E's integrated system. Therefore, a rate or charge in connection with these facilities was in effect under the laws of California on October 24, 1992. On April 6, 1999, the Public Utilities Commission of the State of California (CPUC) mailed a final Opinion Granting Requested Authorization, D.99-04-026, which concluded that allowing these facilities to be an exempt wholesale generator within the meaning of PUHCA would benefit consumers, would be in the public interest, and would not violate California law. Geysers Power attached a copy of the CPUC D.99-04-026 to its application.

Geysers Power further states that copies of the application were served upon the California Independent System Operator Corporation, the California Power Exchange Corporation, the Securities Exchange Commission and the CPUC.

Any person desiring to be heard concerning the application for exempt wholesale generator status should file a motion to intervene or comments with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). The Commission will limit its consideration of comments to those that concern the adequacy or accuracy of the application. All such motions and comments should be filed on or before April 21, 1999, and must be served on the applicant. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection or on the Internet at <http://www.ferc.fed.us/online/rims.htm> (please call (202) 208-2222 for assistance).

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. GT99-17-000]

High Island Offshore System, L.L.C.; Notice of Compliance Filing

April 12, 1999.

Take notice that on April 7, 1999 High Island Offshore System, L.L.C. (HIOS), (formerly High Island Offshore System) in conjunction with its request to redesignate the certificate of public convenience and necessity of High Island Offshore System to reflect the new name of the pipeline—High Island Offshore System, L.L.C.—filed a complete copy of its proposed FERC Gas Tariff, Third Revised Volume No. 1 (Original Sheet Nos. 1 to 221).

High Island Offshore System, L.L.C. states that the proposed tariff is the current High Island Offshore System tariff, revised only to reflect the new name of the pipeline on the tariff sheet headings, references to page numbers and company name in the text of the tariff and to incorporate changes pending in Docket No. RP99-227-000.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).
